On Friday 1 April, RTRFM officially turns 45 years old! To celebrate, we're counting down the 45 Greatest WA Songs as voted by *you*. (Yes, ranking art is pretty silly, but hey, it's our birthday so we'll rank what we want to.)

From **2pm to 7pm on 1 April**, RTRFM's Breakfast host Taylah Strano and the station's music director (and Thursday Drivetime presenter) Matt Perrett will play the list in full, building up to the #1 WA song.

To help you choose, a shortlist of 250 iconic songs were selected by RTRFM's staff, presenters and industry experts, who made a point to select those that best represent "The Sound Alternative", given RTRFM's commitment over 45 years to provide a platform for under-the-radar and alternative local acts.

Still, we were certain we missed a few, so listeners could write-in their preferred unlisted classic as well!

No matter what the 'final 45' looks and sounds like, or even what lands at number one (though, what an achievement!), this vote allows you to scroll through and admire the great music WA has produced over the decades. Hopefully by placing a vote, or by listening to the countdown, you'll remember a long-lost fave or discover some great new-old music, courtesy of RTRFM.

Without further ado, the 45 Greatest WA Songs. (This will be updated throughout the day.)
